PRINCIPLES OF DEVELOPMENT

PROCESS believes that grassroots organization should play a key role in transforming society and should effectively participate in local and national decision-making.

By empowering the communities through their own collective reflection and action, PROCESS aims to make itself progressively immaterial as communities increasingly take control of their own destiny.

VISION:

Improved quality of life of poor communities, particularly those of women, children, farmers and fishers who are God-loving, gender-sensitive and empowered, living in a healthy, just, and equitable environment.

MISSION:

To continuously empower poor women, children, farmers and fishers towards effective and sustainable management of resources and promotion of a just and gender-sensitive environment.

GOALS:

Empowered POs that can claim and protect sectors's rights, advance their interests, and enhance their participation in society and governance
